Managing Director Message

Dhaka Training & Testing Hub Ltd. is a unique technical training center with a glorious tradition. It was established in 2010. When I established this center, I had a great vision to help my countryman to be skilled properly and recruited for overseas jobs at a reasonable price. By the grace of Almighty God, I have been doing it quite successfully for the last 10 years. I believe human development is very important for Bangladesh because it is a high population country. Dhaka Training & Testing Hub Ltd has been established under the manpower bureau, the government of Bangladesh for awarding short courses in various disciplines. It is located near the airport in a respectable area of metropolitan at Turag, Uttara Dhaka. This organization is fully out of politics. Our working ground is fit for health & it is supervised it is straight rules & regulations. It is committed to excellence and innovation in pursuing applied knowledge through research and creative activities, with the objective of producing world-class professionals, who respond to the needs of the community and society of Bangladesh at large. Welding, Fabrication, Electrical, Mechanical, Pipe Fitting, Steel Fitting is a short course Program while aims at developing Shipyard and PCM (Process, Construction & Marine) fit for the modern technical Environment of the 21st century.

I congratulate all concerned on their contributions to the establishment of this Training Center. I wish This Training Center a complete.

Engr. Md. Saimon Sakir

Managing Director

Interview & Others Facilities

Video Conferencing: This is for those who are too busy to come to Bangladesh for interview the candidates. We make every arrangement for the interview between employers and the employee through video conferencing.

Direct Interview : Many employer's visit Bangladesh for final interview. We make all necessary preparations for interview. We call short-listed candidates for the particular day. We have fully equipped AC room and other modern facilities-computer, telephone, Internet, and all that an interview might need.

Medical Checkup: All short listed workers are sent to government approved hospital or clinic for full medical examination and check-up. Only after their medical fitness for employment is confirmed they will be eligible to sign the employment contract.

Travel Arrangement: The travel arrangement is the final procedure. After getting visas of selected candidates, we make travel arrangement. This also includes handling over all the documents original passports, air ticket and government's approval letter, to the employer before departure. We trained them on all the travelling procedures until they reach their destinations.

Thank You
